

# SAFETY WARNINGS

Please read this instruction for safe hunting

## ALWAYS

- Read and Understand ALL instructions and warning pages thoroughly before using your Fall Arrest System (FAS), treestand, ratchet/stabilizing straps, and climbing device prior to each use. Replace suspected or damaged components with only factory authorized parts and components. Discontinue use if any part of your product/FAS shows weathering or wear. ALWAYS inspect/check ALL expiration dates/tags on all straps/FAS prior to each use.
- Practice using the treestand and FAS at ground level until comfortable with safe/proper use of the product prior to each use.
- Insure that your Fall Arrest System (FAS), treestand, tree straps, and climbing devices are in good working order without defects, wear, broken or missing parts before each use. This inspection includes the following prior to each use: Retightening all hardware, inspecting all components made of metallic and non-metallic items which includes straps/ropes/seats/FAS for excessive wear or damage before using any products.
- Wear a Fall Arrest System attached to the tree from the time you leave the ground until the time you return to the ground. Keep the tether strap between you and the tree as short as possible to reduce the distance in case of a fall. Keep the linesman strap tight on the tree while you ascend or descend from the tree. The FAS tether must be tight while in a seated position.
- Practice with your stand and Fall Arrest System (FAS) at ground level before using them in an elevated position.
- Step down into the center of the platform from your climbing aide while being attached to the tree with your FAS. Position your fixed position stand below the end of your climbing aide to allow you to step down into the platform.
- Store your Fall Arrest System (FAS), treestand, straps/ropes, all instructions/warnings, and climbing devices in a cool/dry location away from sun light, weathering, sharp objects or any type of wildlife. NOTE: Wildlife may chew on straps/seats while the stand is not in use and may cause serious damage. Check ALL straps and seats prior to each use. Review all warnings/instructions annually and prior to each use of the products.
- Hunt with a friend/partner to ensure that someone knows your hunting location as well as the time you are due to return home or to camp. Practice a safe recovery/rescue plan with your FAS and treestand at ground level prior to each use.
- Take your time and move slowly at all times that while you are using, climbing to, or descending from your treestand. Use 3 Point Climbing Technique while ascending to or descending from this product while using your Fall Arrest System (FAS) at all times.
- Use (3) or more people to set-up or removal of any treestand unless instructed to have more people present. Use a min. 10" diameter straight/healthy tree on all treestands.
- Use a hoist line to pull fixed position stand(s) up to the positioning height below the end of the climbing aide while attached to the tree with a FAS.
- Understand the intended use for the treestand/FAS and adhere to all instructions/warnings which pertain to the safe use of Big Dog Treestands products.
- Have a cell phone, walkie-talkie, two-way radio, GPS locator or whistle on your person at all times for emergency purposes and ALWAYS inform someone of your hunting location and return time in the event of an emergency. Always practice/review your rescue/recover plan prior to each use.

## NEVER

- Leave the ground without wearing your FAS harness and being attached to the tree from the time you leave the ground until you return to the ground. Failure to wear FAS or FAS not attached to the tree at ALL times could result in serious injury or death.
- Climb with your weapon. Ensure that the firearm/bow is unloaded with its barrel pointed toward the ground when raising or lowering it to your stand. Always use a safe hoist/lift system on the opposite side of the tree from which you climbed while attached safely to the tree with your FAS.
- Climb with anything on your back/waist/or side that will restrict your movement or will interfere with safely using your FAS harness.
- Exceed the manufacturer's weight limit for the product, including your body weight plus the weight of your clothing/gear.
- Adjust ANY straps/ropes/adjustable support bars while standing on or leaning against any treestand.
- Use this product if you are under the influence of alcohol, mind-altering drugs, prescription medicine, cold or flu medications, have heart problems or conditions, dizzy spells, sleepy or tired, afraid of heights, physically/mentally impaired to use product properly/safely, feeling ill, nauseous, or if Fall Arrest System is not present. Do not use any product without consent from your doctor for safe & proper use.
- Climb/Use a tree that is diseased, dead, under sized, leaning, has dead/broken branches/loose bark.
- Stand on the seat/footrest/shooting rail/armrest or rely on any branches for support or means of securing.
- Exceed/modify the suggested manufactures hunting height for any product.
- Jump, bounce, lean-out from, lean against shooting rails or SLEEP in any treestand for any reason, at any time.
- Leave any treestand attached to the tree more than (2) two weeks. Tree growth will stress the straps to the point of a possible failure that could result in serious bodily injury or death.
- Use any treestand during thunderstorm/raining/sleet/snow storms or any other adverse weather conditions that have the potential to produce lightning, high winds, or if snow/ice/water is present on the platform or steps.
- Use a tree stand for any purpose other than hunting. Do not use on utility poles or any other man made structures.
- Loan or let anyone use the treestand or FAS Harness without reading/understanding all product instructions/warnings of the product(s). If sold, instructions/warnings must be given to purchaser.
- Make any modifications to this product. Any modifications will void warranties and relieve Big Dog Treestands Inc. from all liabilities.

## WARNING

- Failure to Read/Understand ALL Warnings and Instructions stated could result in serious bodily injury or death.
- You must replace ALL straps (ratchet, button, stabilizing, ropes, etc) and suspension seats every year. Use only Big Dog replacement straps and parts. Any other straps or parts will be viewed as a modification to the product. Any modification will void the warranties and relieve Big Dog Treestands Inc. from all liabilities.
- ALWAYS inspect treestand/straps/cables/FAS/ if ladder sections are pinned together/ground beneath the ladder stand is firm and level/adjustable support bar is connected to the tree properly prior to each use. Do not use if ANY physical/visible damage/wear is suspected or present.
- It is recommended that you oil/lubricate all hardware as needed or at least annually. It is recommended that you replace all hardware/cables/nuts/bolts/clips on your tree stand every two years or sooner if inspection finds it necessary.
- Failure to use a Fall Arrest System (FAS) at ALL times could result in serious bodily injury or death.
